FARE Action Weeks are organized every year in October by FARE (Football People Against Racism in Europe) and they last for 2 weeks. This event aims to unite supporters, clubs, ethnic minorities and communities affected by discrimination in Europe in an effort to make discrimination a thing of the past. The Football People weeks challenge all forms of discrimination, promote integration values amongst youth and celebrate the input of all individuals that strive to make football a game for all, regardless of who we are, where we are from and what our beliefs are.
